

NEW PETOLIFE HOMEPAGE ARCHITECTURE

Design Theme:

"The Digital Identity Layer for Every Pet"

Visual Direction:

- Warm Healthcare Tech
- Modern Infrastructure Startup
- Pet-first Emotional Design
- Apple Health × Stripe × Notion Simplicity
- Premium whitespace
- Rounded ecosystem-inspired UI

Color system derived from PetOlife branding:

Light Mode

Purpose	Color
Background	#FAFAF7
Primary	#005F63
Accent	#8CC63F
Soft Sections	#DFF5E3
Text	#111827
Secondary Text	#6B7280

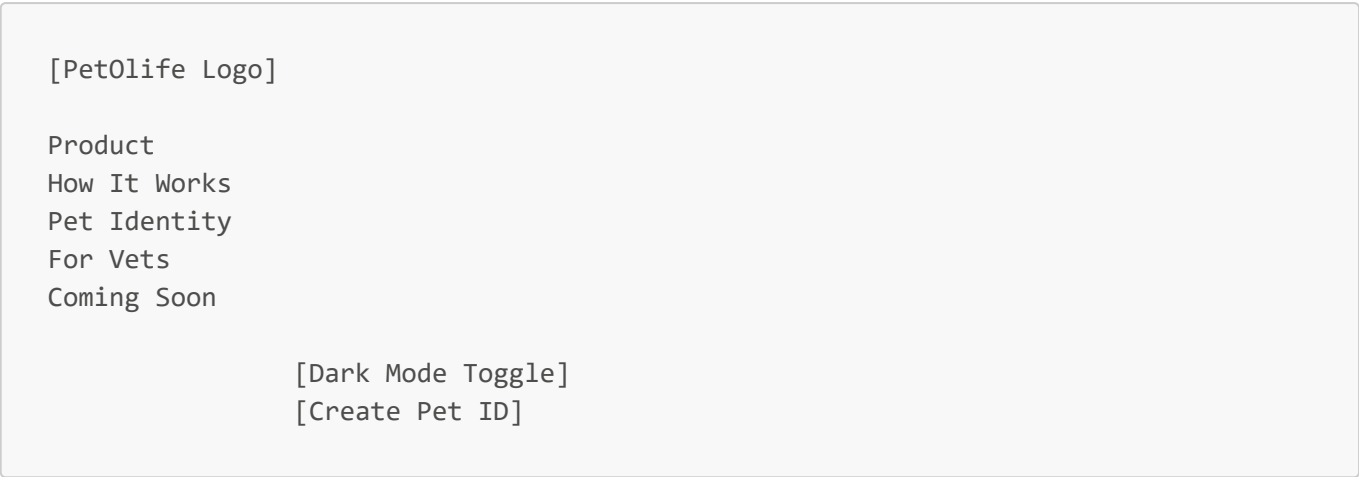

Dark Mode

Purpose	Color
Background	#0F172A
Surface	#111827
Cards	#1E293B
Accent	#8CC63F
Text	#F8FAFC

Following the exact emotional design philosophy from the visual document: calm, trustworthy, caring, modern infrastructure.

SECTION 1 — FLOATING SMART NAVBAR

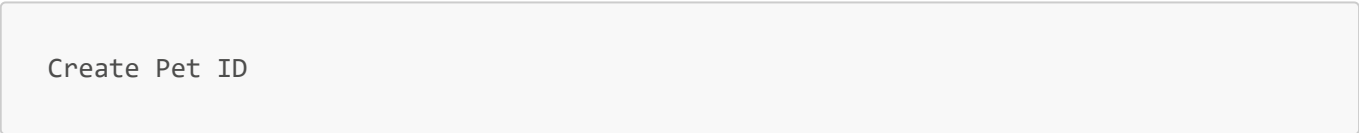

Layout

Behaviors

- Transparent on load
- Soft glass blur on scroll
- Active section indicator
- Tiny paw hover animation
- Mobile hamburger drawer

CTA

Pill-shaped

Accent Green

Hover:

- subtle glow
- slight upward lift

SECTION 2 — HERO (COMPLETE REDESIGN)

Goal

Immediately answer:

"Why does a pet need a digital identity?"

Layout

LEFT COLUMN (Conversion Engine)

Tagline

Every Pet Deserves A Digital Identity

Handwritten style font

(Kalam / Patrick Hand)

Supporting Text

A unified identity connecting pets, owners, veterinarians and future pet services through trusted lifelong records.

Audience Switch

Equal Width Capsule Buttons

[For Pet Owners]
[For Veterinarians]

Behavior:

Owner selected:

- messaging focuses on pet care

Vet selected:

- messaging focuses on medical records
- clinic efficiency

No page reload.

Authentication Container

Large rounded card.

RIGHT COLUMN (Interactive Story Carousel)

Instead of showing random app screenshots.

We show:

Product Narrative Slides

Slide 1

Problem

Visual:

Pet records scattered across:

- Vet A
- Vet B

- Emergency Hospital
- Groomer

Broken connections

Heading:

Pet care is fragmented.

Slide 2

Pet Identity

Visual:

Single Pet Identity Card

Connected to all records.

Heading:

One pet.
One identity.
Lifetime access.

Slide 3

How It Works

Visual:

Create
Connect
Access

simple flow animation

Slide 4

Emergency Access

Visual:

Phone QR scan

Medical profile appears

Heading:

Information when it matters most.

Slide 5

Future Ecosystem

Connected network graph

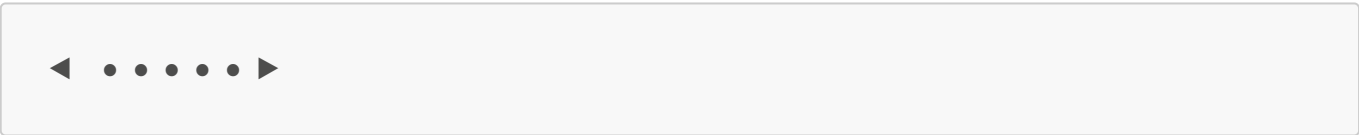

Pet Identity at center

Heading:

Building the future of connected pet care.

Carousel Controls

Bottom Center

Auto-scroll every 5 seconds.

SECTION 3 — THE PROBLEM

(Replaces Current Features Section)

Heading

Pet Care Shouldn't Be Scattered

Subheading:

Yet today, every clinic, vaccination record, treatment history, and emergency visit exists in separate systems.

Layout

Before PetOlife

Interactive fragmentation map.

Vet Clinic A

↘

Groomer → Pet

Emergency Hospital

Vaccination Center

Broken links

Disconnected cards

Muted colors

Scroll Animation

Cards drift apart

Missing records appear

Lost history warning appears

Transition

Everything merges

Lines animate inward

After PetOlife

Large central identity card

 Pet Identity

Connected everywhere

Statistics Strip

Scattered Records

Missing History

Emergency Delays
Manual Verification

Psychological effect:

"Why doesn't this already exist?"

Exactly matching the wireframe objective.

SECTION 4 — WHAT IS A PET IDENTITY?

(Replaces Pricing)

Heading

A Lifetime Record For Every Pet

Layout

3 Premium Cards

Card 1

 Medical Timeline

Visual:

Timeline illustration

Description:

Every vaccine, treatment, surgery and checkup securely stored in one place.

Card 2

 Emergency Access

Visual:

QR Scan

Description:

Critical information instantly available during emergencies.

Card 3

 Connected Ecosystem

Visual:

Network graph

Description:

Connect veterinarians, shelters, owners and future pet services.

Expandable Micro Details

Clicking card opens:

mini modal

showing:

- sample timeline
 - QR scan example
 - ecosystem diagram
-

SECTION 5 — HOW IT WORKS

(Replaces Video Section)

Heading

Built To Be Effortless

Visual Layout

Large horizontal timeline

Step 1

Create Identity

Visual:

Pet registration form

Fields:

- Name

- Breed
- Photo

Step 2

Connect Care

Visual:

Records syncing

Clinic → Identity

Vaccines → Identity

Medical Timeline updating

Step 3

Access Anywhere

Visual:

QR code scan

Identity appears instantly

Interaction

Each step animates while scrolling.

Current step glows.

Previous steps become verified.

Mobile

Transforms into swipeable cards.

SECTION 6 — COMING SOON

(New Vision Section)

Instead of boring feature cards.

Use:

Ecosystem Galaxy

Center:

 Pet Identity

Around it floating ecosystem nodes.

Interactive Nodes

-  AI Pet Assistant
-  Smart Health Predictions
-  Community Features
-  Pet Networking
-  Marketplace
-  Insurance Integrations
-  Pet Travel Passport
-  Cross-Clinic Data Infrastructure

Hover Node:

Expands

Shows:

Launching Soon

with mini description.

Section Heading

Building The Future Of Connected Pet Care

Subheading:

Pet identity is just the beginning.

SECTION 7 — TRUST & SECURITY

Heading

Trust Is Built Into The Infrastructure

Three Trust Cards

 Encrypted Records

Medical-grade security

 Owner Controlled Access

You decide who sees what.

☒ Verified Veterinarians

Only trusted professionals can update records.

Hover:

Tooltip explanations

Soft green glow

SECTION 8 — FINAL CTA

Massive conversion section.

Background:

Soft gradient

Animated PetOlife logo

Headline

A Lifetime Of Care Starts With Identity

Supporting Text

Join the next generation of trusted pet care infrastructure.

Buttons

Create Pet ID

Partner As A Veterinarian

Very subtle paw-confetti animation.

SECTION 9 — FOOTER

Left Column

PetOlife

Standing with pets and pet lovers.

Building the world's most trusted pet infrastructure.
